

# Canberra's West African Drum & Dance Retreat

Saturday 23 – Monday 25 September 2017

*A 3-day retreat in a beautiful bush setting, only 15 minutes from Canberra!*

## Why a retreat?

Take some time out and come and immerse yourself in the rhythms and culture of West African drumming and dancing! This retreat will cater for all levels – supporting newer drummers and dancers while challenging experienced participants to improve technique, build stamina, and deepen their understanding of West African music.

Aside from the clear musical and physical benefits, a retreat provides the ideal setting for connecting with others who enjoy this art-form as much as you do. Enjoy having Mohamed share his culture with you through his teaching, or over a cuppa in the evening as we all unwind. Balance the high-energy drum and dance sessions by taking part in a yoga session; enjoying a bushwalk; nourishing your body with delicious meals prepared by guest chef, Sid Stolk; relaxing on the lawn with a good book; or having a massage with the onsite massage therapist! A three-day escape from the daily grind into a world of music and dance – good for the mind, body and the soul. Treat yourself!

## Teachers

**Mohamed Bangoura** (AKA Bangourake), from Guinea in West Africa, is regarded by many connoisseurs as one of the best master drummers in the world. His life is totally dedicated to passing on the music and culture of his people. All participants will have the opportunity to learn from Bangourake and experience his charismatic teaching style and sheer musical brilliance.

**Kate Susko** will be supporting Bangourake with teaching drumming classes – ensuring that less experienced drummers get the guidance and support they need. A student of Bangourake's for 10 years and a highly experienced teacher, Kate is known for her enthusiasm and ability to explain the music and technique in a way that has people grooving along in no time.
